

NEWSOY[®] 460

Textured Soy Protein Concentrate, Non-GMO

NEWSOY[®] 460 is a fiber-shred able textured soy protein concentrate which is developed as meat replacer for the application of veggie foods, processed poultry and meat products where a cost effective or meat textural function is required.

Packaging

Available in 10Kg net paper bag with polyethylene liner.

Storage

Keep away from water or damp, sunlight and smelly environment. Always keep in closed packaging. Storage below 25 degree C. and 60% relative humidity promotes longer shelf-life.

Shelf Life: 12 months

Preparation of Fibrous NEWSOY[®] 460:

Dip one part of NEWSOY[®]460 into excess water until soft texture obtained.

Measure the total hydration weight (must obtain 5 parts heavier from dry product).

Tear the fiber from hydrated NEWSOY[®] 460 by mechanically force and then directly add into the meat systems.

(Or directly chop in food system if chopping type of product is applied.)

Always chill the fibrous NEWSOY[®] 460 prior to use.

Application Areas:

Fiber like vegetarian foods, imitation meat products and processed meat application.

Product of Origin

China
